

# Back to 7

## Carpet & Hard Floor Conditioner

### Neutralizes & Conditions Carpet

Because of its mild acid character, Back to 7 neutralizes any excess alkalinity in carpet caused by shampoo and/or hard water residues. This leaves carpets feeling soft and conditioned. Use at 1 ounce per gallon (8ml/liter) of water.

### Removes De-Icing Salt Residues

Back to 7 will also clean de-icing salt residues found on carpets and/or hard surface floors during the winter months. Use at 4 ounces per gallon (30 ml/liter) of water.

### Use after Stripping Floors

Back to 7 is effective for neutralizing excess alkalinity after stripping traditional floor finishes. Use at 1 ounce per gallon (8 ml/liter) of water.

**Note:** Do not use on Marble or other acid sensitive surfaces.

### Eliminates Carpet Browning

Back to 7 is a mild acid product that removes browning or yellow discoloration from carpet. Browning may be caused by various reasons including the following:

1. Over-saturation (jute backed carpet only).
2. Anti-oxidants (BHT or BHA) in carpet reacting with atmosphere.
3. Nitrogen oxides in interior building air.

Back to 7 can be used to treat browning from all of these sources. Use at 4 ounces per gallon (30 ml/liter) of water.

Back to 7 will neutralize alkaline residue on carpets and hard surface floors.

### Properties

Appearance .....	Orange liquid with a citrus fresh fragrance.
pH .....	2 - 3 (1% Solution)
Specific Gravity (H <sub>2</sub> O =1) .....	1.07
Flashpoint.....	None
Dilution .....	1 - 4 oz/gal of water
Free Alkali .....	None
Hardwater Tolerance.....	Excellent
Biodegradable .....	Yes
Storage Stability .....	Excellent, 1 year under normal conditions
Freeze-Thaw Stability .....	If frozen, agitate product after thawing & before use
VOC Compliant - VOC Free	

### Packaging

1 gallon 902053
