Fury Degreaser

Multi-Task Dispensing System

The unique patented *Multi-Task* container gives you dilution flexibility.

-Secure Dispensing

Accurately dispenses two or more products from the *Multi-Task* wall mount dispenser at the touch of a button.

Squeeze and Pour

No equipment required. Simply squeeze the container to measure the desired amount.

Easy-Fill Gun

Dilutes product at 2.5GPM into RTU container, mop bucket or autoscrubber.

The Wave II

No Touch Cleaning of restrooms made simple. Battery powered.

Description:

Fury Degreaser is an advanced, heavy duty degreaser that removes oils and grease from a variety of surfaces. Fury's controlled alkalinity makes it a non-corrosive class cleaner, ideal for shop degreasing at automotive dealerships, car/truck repair garages, industrial factories, warehouses, and much more.

Features and Benefits

Concentrated: Superior degreasing at lower dilutions makes Fury more economical. Use the Fury Challenge Calculator to compare in use costs of Fury to competitive degreasers.

Non-Corrosive: Controlled alkalinity provides degreasing power at a moderate pH to minimize safety and disposal concerns.*

Versatile: Use with cleaning equipment including pressure washers and auto-scrubbers. Also, use in spray bottles, mop buckets, or sprayer / applicators for general degreasing.

Compatible: Fury degreaser has been shown to work in facilities that use oil separating equipment.

Directions For Use

Fury Degreaser can be used indoors/outdoors with high pressure washers, mops, scrubbing brushes and is ideal for use in automatic scrubbing machines. Dilute with water prior to use.

NOTE: Use only on surfaces resistant to alkaline cleaners. Floor finish and other sensitive surfaces may be adversely affected.

Safety Information

Caution: Irritant. Prevent contact with eyes, skin and mucous membranes. Harmful if swallowed. Keep out of reach of children. Rubber gloves and safety eyewear should be used when cleaning by hand.

*The Disposal of cleaning solutions should be in accordance with local regulations. Some municipalities regulate disposal by the pH of the solution. Fury solutions will have a pH that is less than 11.5

Typical Properties

Appearance	red liquid
Fragrance	mild
pH (undiluted)	10.5 -11.5
Specific Gravity	1.04
Flashpoint	None
Foam	Low - moderate
Hard Water Tolerance	Excellent
Rinseability	Excellent
Storage Stability	1 year under normal conditions
Freeze - Thaw Stability	Passes three cycles
Biodegradability	Readily biodegradable

VOC Compliant - VOC Free

Dilutions 1:64

Squeeze n Pour	2 oz. (15.6 mL) per gallon of water
Squeeze n Pour	6 oz (46.8 mL) per gallon of water, <i>Heavy Degreasing</i>
Yield per 2 liters	34 Gallons RTU

Packaging
4 x 2 liter Bottles
