

# POWDERED SAFETY BLEACH

## OXYGEN LAUNDRY BLEACH

### FEATURES

- REMOVES DIFFICULT STAINS
- COLOR SAFE
- GENTLE ON FABRIC

### PRODUCT DESCRIPTION

**POWDERED SAFETY BLEACH** is a dry oxygen bleach for institutional laundries. It removes difficult stains and brightens the laundry. **POWDERED SAFETY BLEACH** is safer on fabrics than chlorine bleaches - it is less harmful to cotton and will not fade colored items. It is safer to handle than liquid chlorine bleaches too - accidental spills will not cause skin burns or make holes in clothing. Use **POWDERED SAFETY BLEACH** for fast, safe control of your laundry stain problems.

### AREAS OF USE

To be used in institutional and personal laundry.

### USE DIRECTIONS

#### MACHINE USE:

1. Use 3-6 oz. of **POWDERED SAFETY BLEACH 50#** machine
2. Add to the laundry machine on the detergent or bleach cycle.

#### PRESOAKING:

1. Dissolve 1-2 oz. of **POWDERED SAFETY BLEACH** to each 1 gal. of warm water.
2. Allow stained fabric to soak for at least 30 minutes or overnight.
3. After presoaking, machine wash fabric in a normal manner.
