

Compass™ 2

Specialty Surface Cleaning Machine

One machine, one purpose, one totally clean environment.

- » Daily cleaning will completely remove soils and bacteria, leaving your facility “Compass Clean”.
- » Safely and accurately dispenses cleaning solutions at a safe pressure, then rinses at low or high pressure and vacuums the surfaces completely dry in 1/3 less time than conventional cleaning methods.
- » State-of-the-art touchless cleaning design allows the operator a clutter-free work station, while providing easy access to tools, chemicals and accessories.
- » Unique features of the Compass 2 allow the operator to clean multiple surfaces easily and safely while increasing productivity, saving time, and reducing labor costs.
