

OFTEN IMITATED, NEVER DUPLICATED.

Powerful vacuum with automatic brush-height adjustment.

Often imitated, never duplicated.

With a proven reputation of reliability, performance, and ease of maintenance the Sensor XP is the industry-leading vacuum for reliability and convenience. Featuring automatic brush-height adjustment, this machine efficiently removes soils that could ruin your carpets and hard floors, which saves you time and money. Trust the Windsor Kärcher Group Sensor XP to clean your floors efficiently and reliably for many years to come. With 1200 watts of power, the Sensor XP's vacuum motor pulls even more dirt and grime from your carpets. This machine utilizes a single 1.6 hp motor to cut down on handle weight in order to reduce operator fatigue and increase productivity.

1 Reliability leader

- Industry-proven track record of durability and reliability.
- We have been building quality upright vacuums since 1979.

2 Productivity in mind

- Automatic brush-height adjustment to ensure optimum cleaning performance.
- Ultra-light handle weight allows for strain-free operation.
- Cleaning paths of 12", 15" and 18" are available to suit any need.
- Flat to floor feature allows the vacuum easily to clean under beds and furniture.
- No-tool brush removal for easy maintenance.
- Detail cleaning tools conveniently located on the back of the machine.

3 Breathe easier

- The Sensor XP comes standard with a high-efficiency filter that traps up 99.6% of particles at 0.3 microns.
- Optional HEPA filtration is available.
- Meets CRI standards for indoor air quality.

4 Smart vacuuming

- Equipped with indicator lights that light up if the vacuum bag is full, the brush height needs to be adjusted, or if there is a brush jam. If these precautionary lights are ignored, the machine will automatically shut down, protecting your employees and your machine from potential harm.
- Quiet operation at only 69 dBA.

Technical Data and Equipment.

Sensor XP

- Pile height brush adjustment
- Indicator lights for bag full, clog and brush jam/worn out
- Three models: Sensor XP 12, Sensor XP 15 and Sensor XP 18
